### PROHIBITIONISTS NOMINATE HANLY ON FIRST BALLOT

Platform Denounces Liquor  
Traffic and Urges Nation-  
Wide Action

### MILITARY PROGRAM OF OLD-LINE PARTIES IS STRONGLY CONDEMNED

Sulzer Given Demonstration  
But Voting Quickly Ends  
Skirmishing

(Associated Press by Federal Wireless)  
ST. PAUL, Minn., July 21.—Dr. Ira  
Lundrith of Nashville, Tenn., was  
nominated for vice-president on the Pro-  
hibition ticket, after which the con-  
vention adjourned.

ST. PAUL, Minn., July 21.—  
J. Frank Hanly, former governor  
of Indiana and former congress-  
man, was nominated on the first  
ballot today by the National Pro-  
hibition party as its candidate for  
president.

Hanly received 440 ballots to  
181 for William Sulzer, ex-gov-  
ernor of New York, 51 for Finley  
Hendrickson of Maryland and 10  
for James Gilbert Mason of New  
Jersey. Henry Ford, the auto  
manufacturer, received one vote.

When Hanly was placed in  
nomination there was a demonstra-  
tion. Briefer but vigorous demon-  
strations were also made when  
Sulzer and Hendrickson were no-  
minated.

The platform as drawn yester-  
day was adopted after the addition  
of a plank favoring the initiative,  
referendum and recall.

The platform denounces the  
liquor traffic as a crime. It urges  
national prohibition and equal suf-  
frage. It also advocates several  
pieces of social legislation. It op-  
poses the military programs of the  
Republicans and Democrats but  
favors a "constructive platform."  
It opposes war with Mexico but  
pledges aid and protection for  
Americans and the use of force  
when necessary.

### REPORT MAY BE CAUSE OF SOME FINE FIREWORKS

There may be a few fireworks at  
the meeting of the Oahu Loan Fund  
Commission, Tuesday morning at 11  
o'clock, when the report of the special  
committee of Honolulu engineers ap-  
pointed to determine the stability of  
the dam of reservoir number 3, in  
Nuuanu valley, comes up to be signed.

Through an oversight, the report  
was not signed at the time the board  
met Tuesday morning, and the com-  
mittee members have yet to sign it.  
A full copy of the report has been  
sent Chairman F. B. Smith for his  
signature, and he will present it to  
the other members to affix their  
names.

Whether the matter of paying the  
committee will come up Tuesday is  
not known, but the engineers may ap-  
pear to discuss their compensation  
with the commission at that time.  
Marston Campbell, one of the five  
engineers on the committee, has al-  
ready said that he would not have  
served on the committee had there  
been any understanding that the work  
was to be done on a no-pay basis.  
No provision has been made for pay-  
ing the committee, hence the possibility  
of pyrotechnics at the next meeting.

### PERMIT SCULLY TO VISIT HIS HOME, REPORT

"Trusty" is Said to Enjoy  
Privileges Not Usually  
Given Prisoners

Is John T. Scully, member of the  
notorious Scully-McGrath-Boggs-  
Bower gang which came into promi-  
nence more than a year ago when the  
members were arrested and convicted  
for engineering a series of daring hold-  
ups and opium transactions, being per-  
mitted liberties in excess of those  
usually granted to prisoners serving  
as "trusties?"

Permit reports which have  
reached the Star-Bulletin asserting  
the foregoing question in the affirma-  
tive were emphatically denied today  
by Marshal J. J. Smiddy, who has con-  
trol over several United States pris-  
oners now serving as "trusties" in the  
federal building, Scully being one of  
them.

The persistence of these reports led  
to an investigation by the Star-Bul-  
letin today, Marshal Smiddy being asked  
for a statement. It is reported that  
Scully has, on a number of occasions,  
been permitted to visit his wife out-  
side the prison or federal court unac-  
companied by a guard or other officer.

Marshal Smiddy denied emphatically  
that there is any "set day" on which  
Scully is permitted to don civilian  
clothes and visit his wife.

"On one or two occasions Scully  
was permitted to visit his wife when  
she was sick," the marshal says.

It has been reported to the Star-  
Bulletin that Scully also was al-  
lowed liberty, without guard, when his  
daughter, who recently died, was ill  
in the hospital.

Marshal Smiddy called Scully into  
his office and, in the presence of a  
Star-Bulletin representative, asked  
him if there was any day set aside  
for him to visit his wife.

Scully said there was not.

The Star-Bulletin has been informed  
that, for several months past, Scully  
has been in the habit of accompanying  
the other "trusties" to the federal  
building on Sunday mornings and,  
about 3 o'clock, changing his clothes  
for civilian attire and leaving the  
building, presumably to visit his wife.

Scully has been in the habit of re-  
turning to the federal building at  
about 6 o'clock in the evening, in  
time to walk back to the prison with  
the other "trusties," the report states.

Convicted of transporting and oth-  
erwise handling opium, Scully was  
sentenced to serve 15 months in Oahu  
prison. He is scheduled to be re-  
leased next October. As a "trusty,"  
the marshal reports that his behavior  
has been excellent.

ing at an appalling rate. During the last 24 hours 32 have been reported.

A preliminary hearing of the case of Ned Widler, charged with im-  
personating a government official, was begun this afternoon before U. S.  
Commissioner George S. Curry. S. B. Chong, the first witness, testified  
that Widler told him he was a "secret service" man and that he was  
working for "the new man from Washington."

Wah Dung, another witness, testified that he had been taken to  
Widler's room by another Chinese, and that he had been told by Widler  
that the latter was "working for the government and had full authority to  
raid opium dens and other joints." It was expected that the hearing  
would be completed today.

### WATER SHORTAGE FOR HONOLULU IS GROWING DANGER

Annual Report of Hydrograph-  
er States City is Menaced  
By Real Problem

Honolulu is one more year nearer a  
serious water shortage, which can  
only be prevented by territorial con-  
trol of all artesian wells in the Hono-  
lulu basin between Fort Shafter and  
Diamond Head, and by the acquire-  
ment, transmission and storage of sur-  
face flow, says the annual report of  
G. K. Harrison, superintendent of hy-  
drography, presented to the board of  
agriculture and forestry at its meet-  
ing today.

"The artesian well records obtained  
by the department of public works,"  
says the report in part, "show that, re-  
gardless of the heavy rainfall of the  
past year, the amounts pumped and  
flowing from the wells have exceeded  
the supply, and one more year has  
been deducted from the period which  
must surely end in a serious water  
shortage for the city of Honolulu un-  
less one of the two following courses  
of procedure is followed:

Preventive Methods Suggested.  
"First—The acquirement or control  
of all artesian wells in the Honolulu  
basin (between Fort Shafter and Dia-  
mond Head) by the Territory. (It is  
estimated that there are about 66 ac-  
tive wells in this area which are dis-  
charging, either by being pumped or  
flowing, about 35 million gallons per  
day. The total supply used by Hono-  
lulu is about 10 million gallons per day.)

### JAPANESE BORN HERE TALK OF JOINING MILITIA

Young Nipponese Born in This  
City Planning to Request  
Admission to N. G. H.

Down to 1 o'clock this afternoon no  
application had been made to National  
Guard headquarters for permission to  
form a Hawaiian-born guard company  
by 100 or more Japanese young men  
born in Honolulu, educated here in  
the public schools, and now of military  
age.

Reports received by the Japanese  
correspondent of the Star-Bulletin to-  
day state that there are 100 native-  
born young Japanese men who desire  
to form a National Guard company  
here, but hesitate to apply because of  
disapproval of their parents, as not  
all of them favor the idea, holding that  
for their sons to join the National  
Guard of Hawaii would be disloyalty to  
the mikado. The young men, however,  
declare their allegiance to be all for  
the United States.

In commenting on this peculiar sit-  
uation, where native-born Japanese  
youths are torn between filial duty and  
patriotism for the country of their  
birth, Hawaii, the Hawaii Hochi in its  
Thursday edition encourages Hwa-  
ian-born Japanese to join the  
guard, by making application to Brig.  
Gen. Samuel I. Johnson for assign-  
ment to various guard companies.  
There is now a company of Hawaiian-  
born Chinese in the guard.

There is doubt expressed by the  
Japanese press of this city as to  
whether Gen. Johnson or Governor  
Pinkham will accept such offers from  
the young Hawaiian-Japanese, even  
though the latter are American citi-  
zens by virtue of birth in the territory.

Declarations of intention to become  
American citizens have been filed in  
federal court by the following: Frank  
William Murray, carpenter, native of  
England; G. Palo, laborer, native of  
the Philippines; Renardo del Rosano,  
laborer, native of the Philippines.

### STOCK DIVIDEND TO BE ISSUED BY PIONEER MILL

Shareholders Vote to Increase  
Capital By \$1,000,000  
and For New Issue

Stockholders of the Pioneer Mill  
Company this morning voted to in-  
crease the capitalization of the com-  
pany from \$4,000,000 to \$5,000,000  
and for the issuance to present stock-  
holders as a dividend \$50,000 shares of  
a par value of \$20 each. The other  
proposals of the directors were also  
acted upon favorably.

Announcement is made that the  
company will continue paying regu-  
lar monthly dividends of 2 per cent.  
The proposals which were sub-  
mitted to the stockholders were first  
the matter of increasing the capitaliza-  
tion of the company by \$1,000,000 to  
\$5,000,000 and the issuance to stock-  
holders of record of one share of new  
stock for each four shares which they  
now hold, that is to say the payment  
to stockholders of a 25 per cent divi-  
dend in new stock of the company.

A second matter was the amend-  
ment of the bylaws to make more  
easy the disposal of fractional shares  
of stock. This has formerly been a  
complicated matter and an arrange-  
ment for sale at public auction is pro-  
vided in the amendment.

The third matter was the authori-  
zation to the directors to arrange for  
the listing of stock in San Francisco  
and the opening there of a transfer  
office at any time they may deem it  
advisable to cause such listing.

### Reed Charges "Outrage" to Boies Penrose

Latter Gets Bethlehem Steel's  
Argument Against Govern-  
ment Armor Plant Printed;  
Bill Carries \$315,000,000

(Associated Press by Federal Wireless)  
WASHINGTON, D. C., July 21.—  
Attended by sensational scenes on the  
floor of the senate, in which bitter  
personalities were indulged in, the  
administration's naval appropriation  
bill passed today by the overwhelm-  
ing vote of 71 to 8.

The bill carries \$315,826,843. It is  
the largest navy bill a Congress has  
ever passed.

The bill calls for a three-year build-  
ing program, including the immediate  
construction of four dreadnoughts,  
four battle-cruisers and 51 other craft.  
In the three years a total of 157 ves-  
sels are to be built.

Amendment after amendment was  
voted down, with little change from  
the 71 to 8 figures of the final voting.

Senator Penrose of Pennsylvania  
and Senator Reed of Missouri clash-  
ed in a bitter exchange on the floor.  
While Reed was absent from the sen-  
ate chamber Penrose, who is ranking  
Republican member of the naval com-  
mittee, got the consent of the senate  
to print as a public document the pub-  
lished arguments of the Bethlehem  
Steel Company against the govern-  
ment armor plate plant. This plant  
is provided in a section of the navy  
bill, with an appropriation of \$11-  
000,000. When Reed returned he de-  
nounced Penrose's action as "a shame-  
less proposition and an outrage" and  
declared that the statements of the  
steel company are false.

TOKIO, Japan, July 21.—Art Smith,  
American aviator, who has been mak-  
ing a number of flights in Japan, was

ceived in a fall, to make the trip to  
the United States.

### GERMAN OFFICIAL CABLEGRAMS

GERMAN HEADQUARTERS, July  
20.—Between the sea and Anco-  
te there is lively fire activity, and  
numerous patrol engagements are tak-  
ing place. Considerable British forces  
attracted positions north and west of  
Fromelles, being repulsed and where  
they penetrated, were ejected by  
counter-attacks. On both sides of  
Somme, new heavy combats were en-  
gaged.

the districts of Estee, Soyecourt, three  
times the enemy were bloodily re-

they were ejected by bayonet  
attacks. Artillery fire on both sides  
of Somme is of the highest intensity.  
On parts of Champagne front, tem-

### BRITISH STEAMER SUNK; THREE AMERICANS ABOARD; BELGIAN FOOD RIOTS RUMORED SERIOUS

Disorders in Many Conquered Cities  
Reported---Suppressed by Military  
Authorities---Canadian Minister is  
Cleared of Scandal

(Associated Press Service by Federal Wireless)  
LONDON, Eng., July 21.—The possibility that the German sub-  
marine issue and Germany's pledges to the United States may be in-  
volved, surrounds with interest the reported sinking of the British  
steamer Yzer in the war zone. Three Americans are aboard, members  
of the crew.

The Yzer was from Portland, Maine, carrying a cargo of oats.  
No details as to the sinking, or casualties, are given in the official an-  
nouncement.

The American bark Prince Valdemar, captured by a German war-  
ship, has been taken to Swinemunde. The bark sailed from San  
Francisco in February with grain and groceries for Telleborg. George  
W. McNear is the owner.

ALGIERS, Algeria, July 21.—The British steamer Grangemoo has  
been sunk in the Mediterranean by a submarine. There were no casual-  
ties.

### British Push Lines East But Later Lose Part of Fourreaux Wood

LONDON, Eng., July 21.—With incessant fighting the British on  
the west have pushed their line from Bazentin to Longueval north in  
Fourreaux wood toward Bapaume. They first drove the Germans from  
the wood and occupied it but later counter-charges by the Germans  
caused the British to lose part of their positions.

### Italy Now Puts Germans on Same Footings as Austrian Enemies

ROME, Italy, July 21.—A ministerial decree has been promulgated  
placing the persons and property of Germans in Italian domain upon  
the same footing as those of the Austrians and Hungarians, who are  
formally rated as subjects of a hostile nation. The decree does not  
directly mention the Germans but states that allies of Austria are to be  
treated as enemies.

Germany and Italy are not formally at war, and much criticism  
among Italy's allies has been aroused because the government at Rome,  
though declaring war on Austria, has not taken active belligerent steps  
against Germany. Indications for some weeks have been that Rome  
was about to break all relations with Germany.

### Food Riots in Belgium; Wilson Urges Speedy Help For Poland

ROTTERDAM, Holland, July 21.—Food riots of a serious nature  
are reported in many Belgian cities and towns under the rule of the  
conquering Germany. Riots are said to have taken place at Liege,  
Verviers, Roubaix, Renaix, St. Nicholas, Lokren and Termonde, and  
to have been suppressed by the military authorities.

WASHINGTON, D. C., July 21.—President Wilson has sent to  
European rulers personal messages urging a general cooperation for  
the purpose of getting food from the United States to Poland.  
He suggests that relief be extended as in the case of Belgium,  
where a neutral commission took hold of the situation, arranging not  
only for the transportation, but for the distribution of relief supplies  
to the starving populace.

### Canadian Militia Head is Cleared

OTTAWA, Can., July 21.—After a sensational series of charges  
and months of investigation, Sir Samuel Hughes, the Canadian minister  
of militia, has been declared innocent of responsibility for the making of  
government contracts with American manufacturers for furs, as part  
of large orders for war supplies. On the fuse orders the manufacturers  
are alleged to have profited unduly, and Hughes was charged with  
allowing the financial scandal. The Meredith-Duff royal commission  
now reports absolving Hughes of blame.

### Russians Again Defeat Turk Force

PETROGRAD, Russia, July 21.—The Russians have captured the  
town of Gumushkaneh, in Turkish Armenia, the Turk garrison retreating.

Two of them were shot down by  
Lieuts. Warsaw and Hoehndorf.  
According to a delayed report, Hoehndorf  
on July 15, south of Peronne shot  
down a French biplane. The emperor  
bestowing a Pour le merite on him.

Hindenburg's army: Yesterday re-  
peated attacks on both sides of Ekau-  
keppan, southeast of Riga, likewise  
failed. The enemy only increased  
their large losses. Russian patrols  
and stronger reconnoitering detach-  
ments were everywhere repulsed.

Prince Leopold's army: After lively  
hand grenade combats, the Russians  
attacked in the vicinity of Skrebowa,  
being flatly repulsed.  
Linsingen's army: North of Boko-  
lon on Stockhof bend, Austro-Hungarian  
troops made a short thrust, and

### BANK OF HONOLULU DIRECTORS AND OFFICERS REELECTED

At a meeting of stockholders of the  
Bank of Honolulu Thursday afternoon  
the old board of directors was reelec-  
ted and at the directors' meeting later  
all the officers were also reelected.
